

# STEYR AUG A1 / A2

STEYR AUG A1  
with 1.5x optical sight

The STEYR AUG A1 is a gas operated semi and fully automatic assault rifle with fully locked bolt, quick changeable barrel and integrated optical sight. The "Bull Pup" design makes it a short, handy rifle with high reliability and accuracy.

The AUG is famous for its modular concept which permits field stripping into the main groups within a few seconds.

The AUG is the standard weapon of many armed forces and special units around the world since 1977.

- "Bull Pup" design - short overall length
- quick change of different barrels - high versatility
- optical sight with ring reticule - extremely high hit probability
- utmost training simplicity
- highest operational versatility

# STEYR AUG A1 / A2

## SPECIFICATIONS

<b>Caliber</b>	5.56x45 mm (.223 Rem.)
<b>Rate of fire</b>	Automatic fire: 680-750 rounds per min. (approx.)
